

ART ~ IN ~ EDUCATION PROGRAM

Makin's USA is committed to the advancement of art in education. Through our distribution partnership with Nasco Arts & Crafts and Triarco Arts Crafts, hundreds of art educators as well as students are introduced to the wonderful world of Makin's Clay® every year. As part of our company's commitment to supporting K-12 visual art programs we randomly select applications each year, and through a variety of Makin's Clay® sponsorships and donations we are able to place Makin's Clay® products, tools and accessories in classrooms for use by art students across the United States.

If your art program is interested in being considered for a Makin's Clay® product grant or sponsorship please complete the application below and submit at your earliest convenience. The Art In Education Program Committee meets every quarter to review and approve applications. Our goal is to accept every application however in consideration of the significant increase in applications received each year we recognize our contributions are limited based on the availability of products and resources. If your art program is selected for a grant or sponsorship you will be contacted accordingly.

Program Requirements: To be considered for a Makin's Clay® grant or sponsorship or donation the following requirements must be met;

- 1) The art program must be affiliated with a licensed and registered school in the public or private sector located within the contiguous forty-eight states.
- 2) The requestor must be a licensed art educator, artist or designer.
- 3) Your art program must not have received any grant, sponsorship or donation from Makin's USA within the preceding twelve calendar months.
- 4) By submitting an application for a Makin's Clay® sponsorship or donation, you agree to provide proof of product application and usage as reasonably requested.
